### HOME TOWN STUFF

### AREA NORTH OF OKLAUNION IS HARDEST HIT

From Seymour by way of the United States mails comes a profusely illustrated booklet, issued by the Seymour Chamber of Commerce. It is apparent from the booklet that Seymour people take their town quite seriously and believe with all confidence in the future of Seymour and Baylor County. In fact, several times in the course of the reading matter in the booklet, the author practically says as much.

\* \* \*

As might be expected of an enterprising chamber of commerce, the city of Seymour is advertised as the logical gateway to Lake Kemp. From the south, east and west, this claim cannot be disputed. The maps published in the booklet prove it, and there isn't much occasion to argue the question in view of the fact that Seymour is only about ten miles from the big pond. In addition to the advantage of proximity, the Seymour Chamber of Commerce has leased a considerable body of land on the south side of the lake and the tract is known as Seymour Park. In this enclosure, which is large enough in acreage to make a respectable ranch and has within it no telling how many miles of shore line of the lake, Seymour people have erected cabins, and according to the pictures it is a delightful place to visit. H. T. can testify to the claims of the booklet about Seymour Park, because he recently visited there. The occasion was a fish fry, and the only trouble about the whole party was that a man by the name of Kelly seems to have misplaced his car. Andy Bourland of this city and Joe Wheat of Seymour, always anxious to help a friend in distress, took Homer Wade of the West Texas Chamber of Commerce (against his desire), and started out to look for Kelly's car.

\* \* \*

The Seymour booklet shows maps with our new Frisco railroad extension and the highway leading to Vernon by way of Lake Kemp dam. Neither of these projects is yet completed, but both Seymour and Vernon expect definite results during the present year.

\* \* \*

The Quanah Tribune-Chief has a new editor, Carl Gallagher, formerly of McKinney. The first issue of the Tribune-Chief under his direction made its appearance Tuesday. There were sixteen pages in the edition and much of the advertising was in the nature of congratulations to Mr. Gallagher. This is a new wrinkle in the matter of journalism in this part of Texas, except at Wichita Falls. In Wichita Falls no matter what happens, Jim Allison gets out his advertising solicitors and brings in a lot of advertising copy congratulating those concerned. Mr. Allison got out a special edition of The Times when the Times made some improvements on the building. He even wrote a letter to The Record asking us to congratulate him to the extent of about a fifty-dollar ad. We let it get by and congratulated him personally.

\* \* \*

Now Mr. Gallagher shows his business sagacity by moving to Quanah and charging Quanah business men regular space rates for the privilege of congratulating him on his good judgment. Mr. Gallagher is pretty smart. He knows a good town and evidently appreciates the importance of filling the advertising columns with advertising, which is quite as important as having news in the news columns. Mr. Gallagher is a good newspaper man and he has a splendid field in which to ply his trade. This column congratulates Mr. Gallagher, even if we didn't get to run a display ad in the latest issue of The Tribune-Chief.

\* \* \*

Several customers of this column want something done about stopping the rain. We haven't used the cut-off so long that it is rusty and probably wouldn't work.

### HOOVER URGES STUDY OF DRY LAW BUREAU TRANSFER

Damage in Vicinity of Vernon Is Reported Very Light — Nowlin Crop Near Oklaunion Wiped Out and Severe Hail Over That Section.

Heavy rain with some hail wrought considerable damage in this section this morning. Vernon and immediate vicinity, particularly to the east of the city, received the most violent downpour, with Oklaunion as the center of the watered district.

The underpass west of Oklaunion on the Colorado-Gulf Highway was reported to have been flooded and all traffic via that route was suspended for a time. The water reached a height of four feet and above at the crossing, but rapidly receded.

The total precipitation of 1.45 in Vernon varied slightly in the surrounding district for a radius of ten miles, with more at Oklaunion. No rain fell at Crowell this morning but a heavy shower was reported to have fallen last night about ten o'clock.

Crops were reported damaged considerably near Oklaunion, Harrord, and north of Vernon by hail and a washing downpour. F. E. Nowlin, a farmer residing three miles north of Oklaunion, reported his crop completely wiped out by hail. A severe hail fell from his place north to Red River. No telephone connections with the Lockett community were possible this morning, and it is thought that some damage may have been done to the crops in that vicinity, although it was reported no hail fell there.

A hard rain and some hail fell at Fargo, residents of that community reported today. The rain was heavy enough to damage some crops and packed the fields in a number of places. The damage was not believed to be serious however.

Chillicothe reported a good rain, approximately one and one quarter inch, but no serious damage was known this morning. Hail fell at this point but not to any damaging extent, according to the report. It was believed, however, that possible loss had occurred in the region west and south of the town.

A heavy rain of .9 of an inch was reported around and at Quanah, without damage to crops and other property in the immediate vicinity. A bridge over the Q. A. & P. Railroad near Roaring Springs was damaged, according to the Quanah report, causing suspension of train service over the western end of the line.

No hail was reported with the one inch rain that fell at Odell this morning, and it was believed that crops would not suffer as a result of the downpour. Farmers in that region were worried very little concerning the rain that has fallen in the last two days, it was reported.

### B. & O. FAVORS RAIL MERGER

#### ANNOUNCEMENT ANSWERS OBJECTIONS AGAINST PROPOSED PLAN

Hammond, Ind., June 6.—(P)—The Baltimore & Ohio Railroad is willing to relinquish its substantial interest in the Cincinnati, New Orleans and Texas Pacific Railway to further the proposal for consolidation of railroads within the rate territory in which they are located, said Daniel Willard, president of the B. & O., in an address today before the Hammond Chamber of Commerce.

Willard's announcement was made partly in answer to objections against merger of the Chicago, Indianapolis and Louisville railway with the Baltimore and Ohio.

HAIL DESTROYS CROPS IN STRIP NEAR LUBBOCK

Lubbock, Texas, June 6.—(P)—Cross in a strip of land approximately five miles wide and fifteen miles long near Tahoka, 37 miles south of here, were destroyed by a hail storm last night, according to reports received here today. Some livestock was killed and several persons injured. A number of other communities also reported hail.

### BODIES OF 2 TEXAS FLOOD VICTIMS SEEN

One Recovered Near Humble, But Other Sinks Before It Can Be Retrieved — Unable to Identify Body Taken From River.

Houston, June 6.—(P)—President Hoover today recommended to Congress the appointment of a joint select committee to study matters pertaining to the transfer of the prohibition unit from the treasury to the justice department and other subjects in connection with the administration of the bureaus having to do with dry enforcement.

The chief executive informed Congress in his second message to the special session that he would appoint a committee from the departments to cooperate with the Congressional committee and that the national commission on law observance and enforcement also would cooperate through their studies of the departmental organization.

The joint Congressional committee would be expected to formulate recommendations for the consideration of Congress at the regular session in December and at which the Chief Executive desires enactment of the necessary legislation to place the major responsibility for prohibition enforcement in the justice department.

No one fitting the description of the man had been reported missing in the vicinity of Humble but residents recalled that an old man who lived along the river bank had not been seen for several days and feared he had been drowned.

H. Schaffer, first officer on the El Mundo, said he looked over the side of the ship shortly after midnight to see McKee's body floating in the water. Before he could retrieve it the body had sunk, he said.

McKee was a Texan but his home address was not known here.

### VESSUVIUS LAVA FLOW SUBSIDES

#### EXPLOSIVE ACTIVITY MORE PRONOUNCED IN CONE OF GREAT CRATER

Naples, Italy, June 6.—(P)—Explosive activity in the eruptive cone of Mount Vesuvius increased today with tremendous barrages of rocks and ashes bombarding the walls of the great crater. There was a slight subsiding in the flow of lava.

An official bulletin from the Vesuvius observatory said further danger would be avoided, yet it concluded:

"But the life of volcanoes is so mysterious one cannot judge the outcome from the appearances of the moment."

Villagers around the southern and eastern base of the volcano were panic stricken as they deserted their homes, the ruins of Pompeii, destroyed 19 centuries before, always mute testimony of what Vesuvius could do.

Trudging behind their two-wheeled carts which carried household effects and all their worldly possessions, they prayed they might be delivered from "the wrath of Vesuvius," and sang hymns of faith in Providence.

The erstwhile busy little village of Terzigno appeared to be becoming encircled with a belt of lava from a flow which first started toward Campiello woods but somehow changed its course and entered the village itself.

OCEAN PLANES MENACED BY BREAKERS ON BEACH

#### PRISON CENTRALIZATION COMMISSION PROPOSED

Austin, June 6.—(P)—Creation of a nine-member Texas prison centralization commission to submit plans to the Legislature for relocating the penitentiary was proposed in a bill written by Representative Henry Turner, Madisonville, which the author said would be introduced today. Representatives Dewey Young, Wellington, and J. J. Loy, Denison, are signers of the measure.

The Speaker of the House would be vested with authority to appoint five members of the commission and the Lieutenant Governor three from the Senate. The bill gives Governor Moody power to name another member, who need not be a Legislator, as chairman.

#### UNITED STATES GUNBOAT AROUND NEAR SHANGHAI

Shanghai, June 6.—(P)—The United States gunboat Luzon, 575 tons, was around today at the breakwater at the mouth of the Hwang Pu Kiang, but was in no danger. It was expected to be refloated at high tide, 5 a.m., Friday.

#### HAIL DESTROYS CROPS IN STRIP NEAR LUBBOCK

Athens, June 6.—(P)—The cabinet of Premier Venizelos resigned yesterday. The dispatch did not indicate whether the resignation was a formality, prior to inauguration or another term of office of President Konstantios, just re-elected or represented a government crisis.

### Hoover's Choice

Robert H. Lucas, above, of Louisville, Ky., has been appointed commissioner of internal revenue by President Hoover. Lucas takes the post of David H. Blair resigned.

### ELEEMOSYNARY FUND STUDIED

#### SENATE CONSIDERING BILL FOR APPROPRIATION FOR INSTITUTIONS

### FAMILY WIPE OUT IN BLAST

#### ABILENE VICTIMS TO BE BURIED IN DALLAS, FORMER HOME

Abilene, June 6.—(P)—A whole family, wiped out in an apartment gas explosion here Tuesday, will be buried at Dallas, their former home.

Gene Lawler, his wife, Mrs. Vera Lawler, and their one-year-old daughter, Dorris, died of injuries and burns received in the blast which happened as Lawler lit a match so they could see their way in a vacant apartment they considered renting.

Funeral services here were to pre-

cede the Dallas services.

#### CHURCH FEDERATION PLANS VACATIONAL BIBLE SCHOOL

Old Orchard, Me., June 6.—(P)—The French and American flyers, waiting here for suitable weather to hop for Paris and Rome, respectively, today gave attention to the condition of their planes, which narrowly escaped damage.

A strong, off-shore wind kicked up breakers under the wheels of the Yellow Bird and Green Flash as they rested on the beach facing the sea.

Firemen and volunteers hauled the planes up on the beach. Breakers would have washed the under fuselage of the Yellow Bird had it remained there much longer.

#### FINAL PREPARATIONS FOR BEAUTY PAGEANT MADE

#### LEAGUE OF NATIONS TO STUDY MINORITY REPORT

Madrid, June 6.—(P)—The council of the League of Nations met at a preliminary session today to consider the report of the special committee on minority problems which met in London in March. Today's session was behind closed doors.

#### TRAINMEN TO MEET AGAIN IN GALVESTON IN 1930

#### STEAMER REPORTED LOST ARRIVES IN SIBERIA

London, June 6.—(P)—A dispatch to the Exchange Telegraph Company from Tokyo today said the Japanese steamer Ugo Maru had arrived at Kamtschatka, Siberia. Authorities were said to be investigating previous reports the vessel had burned and its crew of 43 and 700 passengers lost.

#### LIGHTNING STRIKES GIRL NEAR SNYDER WEDNESDAY

Snyder, June 6.—(P)—Juanita Hardy, 12-year-old daughter of Mr. and Mrs. C. B. Hardy, residing six miles southwest of here, was in a serious condition today after having been struck by lightning yesterday as she was gathering turkey eggs.

### ELECTION BET DETAILS GIVEN IN ADAMS CASE

Ramsey, Called by Defense, Relates Instances Leading Up to Making of Wager and Tells of Efforts Made to Collect Money.

Corsicana, Texas, June 6.—(P)—Testimony regarding the election bet alleged to have resulted in the fatal shooting of Orville L. Mathews, Dallas banker, by V. Ray Adams, Bartlett farmer, was given in Adams' trial here today.

W. T. (Doc) Ramsey, called by the defense, related instances leading up to the making of a \$1,000 bet between himself, Adams, Ben C. Richards and Morris Mayfield on the recent Mayfield-Connally Senatorial race.

Money Put Up.

He testified to going to the Republican National Bank in Dallas with Adams where they met Richards and were introduced to Mathews. He told of purchasing two cashier checks of \$1,000 each made payable to Mathews. He testified that he and Adams bet on Connally and Richards bet on Mayfield.

Ramsey then launched into details of efforts to collect the money after the election. He said when he and Adams called at the bank Mathews confronted them with a telegram signed, "W. Tom Ramsey, Jr." authorizing the money he paid to "Clude R. Vest."

Did Not Send Message.

He said he did not send the telegram. He testified that Mathews had identified Vest as being identified by Richards. Richards, Ramsey said, later denied he knew Vest.

The witness said Mathews looked excited when he and Adams called to collect their money, and that he had authorized no one to deliver the checks and that he knew nothing of the telegrams and letters of authority.

Ramsey also testified Mathews and Richards gave different descriptions of the alleged "Vest." He said Mathews and Richards endorsed the cashier checks, and that Mathews had said he had paid Vest the cash in the presence of Richards.

\$1,000 NEEDED FOR AID FUND

#### CAMPAIN STILL IS UNDER WAY BY CHAMBER OF COMMERCE

About \$1,000 are needed to complete the fund necessary to equip the Vernon municipal airport. L. G. Hawkins, chairman of the finance division of the Chamber of Commerce air committee, said today.

The campaign for the funds is now under way and will be continued until the necessary amount is obtained. Most of the amount needed for the construction of the hangar has been pledged but more funds are needed to complete the ground work and equipment at the airport.

The funds collected by the Chamber of Commerce air committee are being considered as a loan, as is shown on the receipts given by the committee. Arrangements have been made with the City of Vernon for the repayment of the airport funds if and when the airport is taken over and made a municipal field by the City.

Work on the hangar is scheduled to start within the next few days. The contract was let Saturday and the hangar is to be completed in 30 working days for the official dedication on July 4.

#### BODY OF MEXICO REVOLT HEAD ARRIVES IN CAPITAL

Mexico City, June 6.—(P)—The body of General Enrique Gorostieta, supreme chief of the "Cisteros" who was killed Sunday near San Juan, Jalisco, in a battle with Federal soldiers arrived here last night and was turned over to relatives by the Government.

#### MOODY UNDECIDED ON COMMUTATION APPEAL

Austin, June 6.—(P)—Governor Moody had not reached a decision at noon today on the petition asking commutation of the death sentence of A. J. (Pete) McKenzie, scheduled to be electrocuted in Huntsville prison tomorrow for the murder of Chief of Detectives Sam Street of San Antonio.

#### SPARKS CHARGED WITH SUNDAY MOVIE VIOLATION

A complaint against Robert Sparks, manager of the Vernon Theater, was filed Wednesday, signed by W. M. Blackwood, charging him with violation of the Texas law by operating a movie house on Sunday.

Sparks was made by Sparks, signed by G. Q. Rogers and L. F. Bell,

### PROPOSED HIKE IN RAILWAY GRAIN RATE DENIED

Washington, June 6.—(P)—Proposed increases of through rates on grain and grain products from Oklahoma and Kansas to destinations in Texas and the southeast, when millied or stored in transit, were found today by the Interstate Commerce Commission to be unjustified.

The increased rates, proposed by the Chicago Rock Island and Pacific and the Atchison & Santa Fe railroads, were protested principally by millers in southern Kansas and northern Oklahoma.

### GASOLINE TAX BILL REPORTED

Austin, June 6.—(P)—Twenty

## MANY TESTIFY FOR GOERNER

SEVENTY WITNESSES TO OFFER TESTIMONY FOR ALLEGED SLAYER

Caldwell, Texas, June 6.—(P)—More than 70 witnesses were ready today to testify in defense of Bill Goerner, Garza County farmer accused of the slaying of his wife in April, 1927.

The state closed last night after bringing out a number of circumstances which the state alleges discredit Goerner's story that he was at work in a corn field at the time his wife was killed in their home.

Most of yesterday's testimony centered about a purse belonging to Mrs. Goerner reported stolen after the robbery, but which was found later in the Goerner attic.

Ted Thompson, Amarillo newspaper man, testified he had seen Goerner pick up the purse, hide it under his jumper and go down stairs, only to return, replace the purse and then pick it up announcing he had found it. This testimony was corroborated by Raymond Thorp, Austin police chief who was on the scene at the time.

## Capital Audience Boos Prohibition Debate Speakers

Washington, June 6.—(P)—In the presence of an audience which gave vent to its feelings with hissing, hooting, heckling, jeering and cheering, Clarence Darrow, noted attorney, and Dr. Clarence True Wilson, secretary of the Methodist board of temperance, prohibition and public morals, told Washington what they think about prohibition.

They debated the question last night: "Resolved, that prohibition is right in principle, a success in practice, and should be enforced." Senator Barkley of Kentucky, presiding, announced that no decision would be given and that Senator Fess of Ohio, who was to have spoken in the affirmative, had become suddenly ill and that Dr. Wilson would take his place.

"I am very strongly against prohibition," Darrow said. "Because I like to take a drink and because I want to mind my own business. I object to any organization of preachers or other high-binders getting together and telling me what I can't do."

"We've had ten years of prohibition, mostly under the wets," Dr. Wilson said. "Prohibition has given us the greatest cleanup in American politics of any single movement in the history of our country. It was intended to annihilate the license system, and has ended the system."

## VAN ALSTYNE HARD HIT BY ELECTRICAL STORM

Van Alstyne, June 6.—(P)—A severe electrical storm broke here today, damaging the sub-station of the Texas Power & Light Company and causing discontinuance of service. Rain totalled .68 inch.

Misses Letta and Estelle Williams, daughters of Mr. and Mrs. B. A. Williams, arrived home Wednesday night from Dallas, where they are students at Southern Methodist University. They will spend the summer with their parents.

## SAYS MEMORY'S ALL THAT'S LEFT OF OLD TROUBLE

Mrs. Givens' Health Restored by Orgatone, Suffered With Stomach Trouble and Indigestion.

"About all that is left of my many months of suffering is the memory of it," said Mrs. W. W. Givens, residing at 712 N. Scott, Wichita Falls, Texas, in relating her experience with Orgatone.

"If I could have only found Orgatone a long time ago," she continued, "I would have been feeling better today, and I would have saved many a dollar besides for I've spent several hundred dollars with doctors and trying to find something that would help me. My doctor doctor me for a long time and said that I had heart trouble but it didn't seem to help me much. I was nervous and restless most all the time and couldn't eat anything but what it would sour on my stomach. Gas formed after each meal until I was almost afraid that sometime it would result to be serious for me. I was just in a very badly run-down condition."

"I saw where Orgatone was advertised so highly and so many local people were taking it and what it was doing for them that I decided to try it and I am certainly glad I did for I am feeling like a different woman. I have a good appetite now, and rest and sleep better and my food digests better now. My heart doesn't bother me now, and I know that it must have been my stomach with gas formation for I noticed the improvement right away. Orgatone has helped me so much I am buying two bottles now in order that my husband may take it. I am glad to recommend it to my friends for it has certainly proven its worth to me."

Genuine Orgatone may be obtained at Vernon at the Vernon Drug Store. Adv.

Wedding Bells Are Breaking Up That Old Gang of Mine!

## LOCAL BRIEFS

Mrs. A. T. Stanford returned Wednesday from Stanton, where she has been visiting relatives and friends.

Miss Mary Catherine Massie left this morning for Roswell, New Mexico, where she will spend the month with friends and relatives.

Wayne Owen returned Wednesday from Abilene, where he went to visit friends and relatives and to attend the graduation exercises of Simmons University.

Mr. and Mrs. G. E. Lawlin of Tolbert announce the birth of a son, Thomas Erwin Lawlin, Tuesday, June 4.

Miss Nella Bowers left this morning for a visit with friends at Wichita, Kansas, and Kansas City, Mo.

Mrs. Horace Bales of Plainview returns to her home tonight, after a visit here with her parents, Mr. and Mrs. A. A. Lloyd, and other relatives.

Miss Louise Weatherall arrived in Vernon Wednesday from Dallas to spend the summer with her father, J. T. Weatherall. Miss Weatherall is a teacher in Dallas schools.

Herman Schulz returned Tuesday from a visit in California and Montana.

Mrs. E. D. Gastman of New York City is visiting in Vernon on business connected with Levine's Store.

Miss Toy Lucile Brown of Wichita Falls is visiting her mother, Mrs. Susie Brown.

Mr. and Mrs. Homer Smith returned today from a vacation trip to Graham, Dallas, and Oklahoma City.

Mrs. J. W. Box of Grand Saline, arrived Wednesday to visit her daughter, Mrs. W. H. Butler, and family.

Tim Green, who is a student at Texas Christian University, Fort Worth, has returned home to spend the summer vacation with his mother, Mrs. R. F. Green.

Otey Kressenberg returned home Wednesday night from Terrell, where he is a student at Texas Military College. He will spend the summer with his parents, Mr. and Mrs. C. A. Kressenberg.

Mr. and Mrs. E. E. Eggleston, Mrs. J. H. Evans, and Fay Eggleston left this morning for California, where they will visit relatives. They will be joined in Abilene by Miss Milla Eggleston, who is a student at Abilene Christian College.

Howard Estep, of Dallas, defeated Tommy Cochran, Wichita Falls, 3 up, and Gaston Peck, Dallas, won a hard match from Clyde Cunningham, Houston, 3 and 2, in other matches reported at noon.

It was indicated that the present filling station operated by Burke-Davis at Wilbarger and Bowie Streets will be discontinued.

Miss Margaret Smith of Vernon went to Fort Worth last night after receiving a message of the sudden death of her father, Dr. W. H. Smith, there. She went to Electra and then to Fort Worth accompanied by other relatives.

Mrs. J. M. Proctor of Wichita Falls is visiting Mrs. B. D. Hockersmith of Vernon this week.

Ladies Bulova wrist watch, in case, Finder return to Upham Gas Co., or Northern Texas Utilities for reward.

## LEE'S SERVICE STATION SOLD

BURKE-DAVIS FIRM BUYS STATION AT CORNER OF SQUARE

Announcement was made today of the sale of Lee's Service Station, at the corner of Main and Wilbarger Streets, to the Burke-Davis Tire Company. J. F. Davis and A. B. Burke, the new owners of the firm, took charge of the business Wednesday.

Lee Probst, who has been owner and manager of Lee's Service Station for five and a half years, announced that he had no plans for the future, but will remain in Vernon. He will remain with the firm for 30 days the new owners, took charge of the business Wednesday.

It was indicated that the present filling station operated by Burke-Davis at Wilbarger and Bowie Streets will be discontinued.

Commencement exercises for students of the Daily Vacation Bible School, which has been conducted at the First Baptist Church for the past two weeks, will be held Friday night at 8 o'clock at the church, with an average attendance for the two weeks of about 177.

Following a short commencement program, the hand work made by the children during the school will be exhibited. Various articles made by the departments such as cut work, Japanese lanterns, small posters, bird posters, Naha's animal ark, a Bible character quilt, and books of the Bible cut out of wooden blocks, will be displayed.

## MELLON CALLED IN LAW COMMISSION'S INITIAL MEETING

WASHINGTON, June 6.—(P)—Secretary Mellon was the first high government official to present his views on America's crime and lawlessness problems today before President Hoover's National Commission on law observance and enforcement.

Holding its second meeting, the commission called a number of governmental officials to present their views on the task of pursuing the nation wide investigation of law enforcement problems. The names of the other officials were not disclosed.

The session was behind closed doors.

ELECTION OF OFFICERS BEFORE CONFEDERATES

CHARLOTTE, N. C., June 6.—(P)—Election of officers and selection of the 1930 reunion city today held the attention of the United Confederate Veterans, holding their 30th reunion here.

In discussions concerning the successor to General A. T. Goodwyn of Elmore, Ala., as commander-in-chief, the name of General R. A. Sneed, Oklahoma state treasurer, has been mentioned.

The veterans were to hold their memorial services for the Confederate dead at noon. The grand ball will be held tonight.

The veterans last night witnessed a pageant portraying the birth and four years existence of the Confederacy. It was presented by Charlotte and depicted the south prior to secession, the events of the war and the fall of the Confederacy.

Fort Worth, June 6.—(P)—Hogs: 1,000; steady to 10c higher; top 10.75 to 275 lbs. weights; packing sows 8.50 to 9.50.

Cattle and calves: 2,000; steady; stockers 10.50 to 13.50; slaughter calves and weaners 13.00, some 12.00.

Sheep: 1,000; fully steady; shorn lambs 10.75 to 11.00; 2-year-old wethers 8.50; aged wethers 7.50; goats 6.00.

New Orleans, June 6.—(P)—The cotton market was quiet in early trading today, with little news developing to warrant active trading. Initial traders showed declines of 1 to 3 points in sympathy with relatively easier Liverpool cables.

Prices continued to decline after the start under desultory selling probably on the favorable weather in the belt. July sold off to 18.67, October 18.60 and December 18.71, or 7 to 8 points under yesterday's close.

At the end of the first hour the market was quiet but steady and prices were at or near the lows.

New York, June 6.—(P)—Cotton opened steady unchanged to a decline of 10 points and sold about 5 to 11 points net lower during early trading under liquidation and some local and commission house selling promoted by favorable weather reports. There seemed to be a fair demand at 18.50 for July and the market was quiet at the decline.

BUTTER AND EGGS

Chicago, June 6.—(P)—Butter unchanged.

Eggs: higher; extra firsts 30 to 30 1-2; firsts 29 1-2 to 29 3-4; ordinary firsts 27 to 29; storage packed firsts 31; storage packed extras 31 1-2.

LIVESTOCK

Kansas City, Kansas, June 6.—(P)—Hogs:

Mr. and Mrs. Otto Schroeder, Mr. and Mrs. J. H. Frendiger and children, Mr. and Mrs. Ewald Schroeder, Paschal Belew, Maurine and Gypsy Farrar, and Mr. and Mrs. Alfred Schroeder attended the picnic given by the Lutheran Sunday School class of Lockett, Sunday.

## CONGRESSIONAL ROWS OBSCURE VACATION HOPE

House Confronted With Most Difficult Controversial Situation Encountered Since Special Session Began — Senate Has Three.

Washington, June 6—(P)—The House today was confronted with the most difficult controversial situation it had encountered since the special session began while the Senate had three on its hands.

Until two of the four are disposed of—the House controversy over reapportionment of its membership and the revival in the Senate of the export Debenture farm relief quarrel—all talk of a summer vacation for Congress is likely to be of a tentative nature.

The other Senate controversies had to do with repeal of the national origins basis for the fixing of immigration quotas and the demand of Senator Wheeler, Democrat, Montana, for reconsideration of the nomination of Joseph P. Cotton, New York attorney, to be under-secretary of state, neither of which is on the administration's pre-vacation program for Congress.

The House entanglement was the outgrowth of its adoption of the "alien exclusion" and "Force Bill" amendments to the pending Senate bill to carry out the Constitutional requirement for reapportionment of the House membership in conformity with population changes disclosed by each decennial census and to provide for the 1930 enumeration of the basis of which it is proposed to make the first reapportionment in almost 20 years.

The former amendment, proposed by Representative Hoch, Republican, Kansas, would exclude aliens from the census count on which reapportionment is based. It was opposed by eastern representatives and others from states having large urban and industrial centers, drawing support among the delegations from rural states which stand to lose representation in a reapportionment including some from the South.

The "Force Bill" amendment, introduced by Representative Tinkham, Republican, Massachusetts, would exclude from the count all citizens older than 21 who are not permitted to vote in the states in which they live and, while drawing support from the east, was opposed by southern representatives.

## Hoover to Attend Ohio River Lock Project Ceremony

Washington, June 6—(P)—President Hoover will attend the celebration marking the completion and opening of the great lock system of the Ohio River extending from Pittsburgh to Cairo and forming a part of the inland waterway system.

The ceremony will continue over three days this fall at a time convenient to the President. It probably will be in October at which time the chief executive hopes to be able to visit other places in the country, including Texas and the Mississippi River flood district.

### HOWARD APPARENTLY BANS BRITISH LIQUOR SUPPLY

Washington, June 6—(P)—The recently expressed willingness of Sir Esme Howard, British ambassador, to forego the diplomatic privilege of importing liquors into the United States has apparently been put into practice.

Although formal announcement was lacking today and attaches refused to confirm reports the ambassador had decided not to import any more intoxicating beverages, they gave inquirers to understand such action was contemplated.

While such a course by the embassy would not be unprecedented, the entire diplomatic corps was considerably stirred over the reported action of Sir Esme.

### FIREMEN BATTLING TO SAVE MINING SETTLEMENT

The Pas, Man., June 6—(P)—Fire fighting crews sent by airplane were battling today to save what remained of the mining settlement of Cranberry Portage, 52 miles north of here.

After being checked for a time, the flames blazed up again under a strong east wind and threatened the older section of the town.

Women and children, made homeless by the fire, were brought here aboard a rescue train and were cared for by local residents.

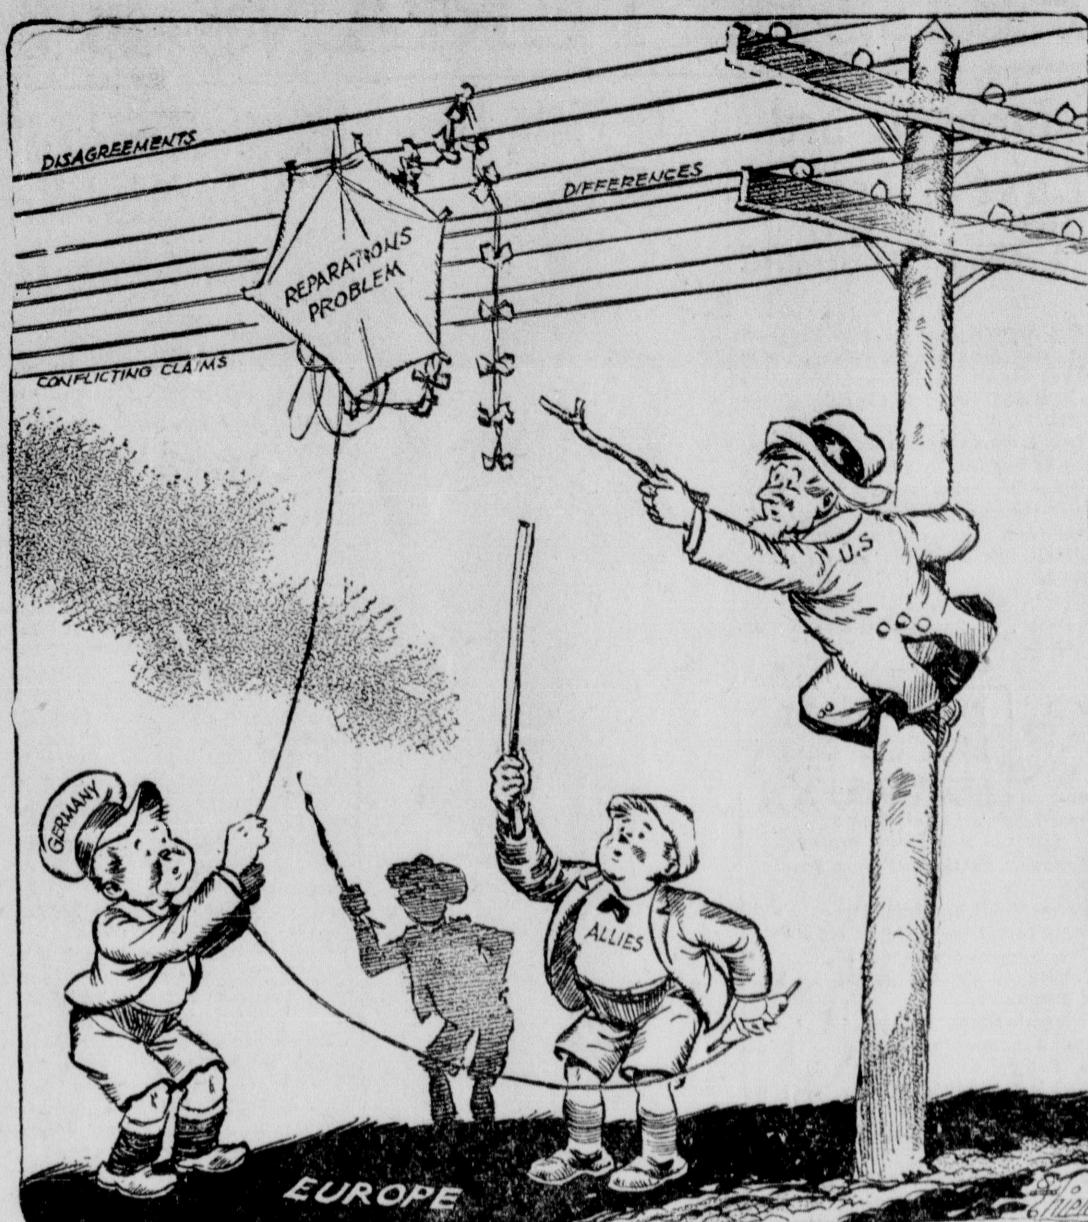

### MEXICAN HELD ADMITS HE IS COUNTERFEITER

Eagle Pass, Texas, June 6—(P)—Piedras Negras, Mexico, police today held a Russian who had confessed he was a counterfeiter of Mexican and United States paper money.

The man was quizzed by J. Taylor of the United States Treasury Department, and while Taylor looked on he made a one dollar bill that would defy suspicion, officers said.

## PLANES TO BE IN VERNON FOR LEGION MEET

Negotiations Under Way for Stunt Flyer and Passenger Carrying Plane—State Adjutant Says He Will Fly to Convention From Austin.

LAW COMMISSION FACES TASK OF OUTLINING WORK

Negotiations for a stunt flyer and passenger carrying airplane for the American Legion district convention program to be held here Saturday and Sunday are in progress and at least one plane will be here Saturday from Wichita Falls. A plane will bring passengers from Austin to attend the convention, Ross R. Cole, state adjutant, one of the passengers, notified Dr. W. L. Rhodes, post commander, yesterday. He will travel in an Army plane.

A display of souvenirs of the World War brought back by Vernon enlisted men has been placed in

window at the Brunson-Williams store.

The Frederick American Legion band is coming to Vernon with the Frederick delegation and will march in the parade Saturday night in the Vernon business district. A combined concert of the Burkhardt, Frederick, and Vernon bands is also planned. A fireworks display has also been scheduled a part of the program.

Stickers have been printed for distribution to Vernon citizens to place on their cars, welcoming the visitors. Grady Shipp, secretary of the Vernon Chamber of Commerce, has been named to aid the Legion in arranging the sight-seeing tour planned for Sunday morning.

EDISON SPEAKS TO LIGHT CONVENTION IN MOVIETONE

Washington, June 6—(P)—The task of outlining policies and mapping out a program today confronted President Hoover's national commission on law observance and enforcement.

Called for its second series of meetings since its organization, it had a nine-room suite of offices in a building near the department of justice at its disposal, and scores of government surveys and statistical studies and hundreds of letters from all parts of the country proposing various plans for the curbing of lawlessness were ready for its consideration.

## BRITISH UNEMPLOYMENT PROBLEM BEING STUDIED

London, June 6—(P)—Ramsey MacDonald, Britain's new labor premier, announced today that work on the problem of unemployment had already been started.

This morning Mr. MacDonald visited No. 10 Downing Street and talked with J. H. Thomas and Philip Snowden, two of his labor colleagues who will probably have posts in the new cabinet. On returning to his Hampstead home Mr. MacDonald said:

"I went to Downing Street to set moving organization of the work in connection with the first real handling of the unemployment problem. The work has already been begun."

EDISON SPEAKS TO LIGHT CONVENTION IN MOVIETONE

Atlantic City, N. J., June 6—(P)—Although still at his home near Fort Myers, Florida, Thomas A. Edison delivered a personal message to the delegates and guests of the National Electric Light Association who today celebrated "Edison Day." Mr. Edison appeared through the medium of a movie tone film, which pictured him as strong, active and smiling.

FOR you who demand the last word in tires—endurance far ahead of modern driving conditions—the Firestone Supreme was created. Here is the tire that is stronger, more durable and better looking than any tire ever made. It costs more and is worth more because it is more economical and gives you tire service above and beyond anything the motor world has ever known. It has everything and more than the famous Firestone Gum-Dipped Tires which already hold all records for speed, safety, economy and mileage. This means greater air volume—thicker tread—added number of plies of Gum-Dipped Cords—better non-skid protection for safety—improved riding qualities. Come and see it—you will want a full set on your car at once—a liberal allowance will be made for your old tires.

# BAPTISTS SHUT OUT PRESBYTERIANS BY 10 TO 0 SCORE

**LOSERS HELD TO TWO BINGLES  
BY SIMMONS AS HIS MATES  
TOUCH BOURLAND FOR 9 HITS**

The Baptist team of the Vernon Sunday School Baseball League maintained the lead over the other teams of the league and retained its perfect record by shutting out the Presbyterians 10 to 0 in the first meeting of the teams on the City Park diamond yesterday afternoon. It was the Baptists' second consecutive 10 to 0 victory in two days, the Legion Juniors having been defeated by the same score Tuesday. The inability to find the offerings of Carl Simmons, Baptist curier, and their own weakness in the field cost the Presbyterians the game. Bourland, pitcher for the Presbyterians, was accorded poor support in the field, and after the first three innings, during which only three hits were allowed, he weakened and permitted six hits and seven runs in more than a complete round of batting for the visitors in the fourth frame.

Simmons allowed two hits, and these to Love, center fielder for the Presbyterians. The first hit came in the third inning and Love was the first to reach first base. The first of only two threats of the Presbyterians came in this inning when Bourland followed Love on Dobbs' error and a double steal was instituted. The Presbyterians lost a chance to score as Wheeler fanned and Weir grounded out to Foster at short. Williams got on first as a result of Foster's error in the fourth inning, but went out in an attempt to steal second. Allison gained first on Fred Dobbs' error, stole second, and gained third when S. Dobbs fumbled one, but died as McClellan grounded out to Simmons.

Carl Simmons and Norman led the hitting for the visitors with a single and double each. Errors accounted for as many as five of the runs, while the Baptists garnered nine hits off Bourland and chalked up five stolen bases.

The Baptists play their fourth game of the season when they meet the Christians next Monday, while the Presbyterians continue their program tomorrow with a game with the Methodists.

TEN MEMBERS OF SAINT BALL TEAM GET LETTERS

Austin, June 6.—(AP)—Ten members of the St. Edward's University baseball team have been awarded letters by the athletic committee.

Players receiving "E's" for participation this year are: Captain Sam

Dyer, Shreveport, La.; Milton Scott,

Houston; Waters James, Julius James

and Dan Rivas, San Antonio; Henry

Parma, Ennis; Abdon Bomba, York-

town; Tony Burger, Aberdeen, Wash.

In the fall, Schmidt is to go to Fort Worth, Texas, to assume the position of athletic director at Texas Christian University.

The Governor added he had been advised a prize fight had been sched-

uled for Plainview last night.

(By the Associated Press)

To the rampaging San Antonio Indians, pounding at the door of the first division, goes the distinction of staging the most spectacular rally seen in the Texas League this year.

Pat Newman's Redskins went into the seventh inning of yesterday's

conflict trailing by nine runs and

in a murderous mood at their inability to connect with the offerings of Stiley, who was serving them up for the Exporters. When the seventh

inning ended the Indians had scored 11 tallies and were out in front 13 to 10. The final count was 13-11.

Rain precluded the scheduled bat-

between Dallas and Shreveport at the Louisiana city. As a result, the

league lead failed to change hands for the first time in eight days. The

Steers will attempt to hold their

slim margin in a doubleheader with the

Spuds today.

The Spuds, displaying unmistakable

signs of recovering from their

last disastrous road trip, nosed out

Waco, 5 to 4, in their final at Hou-

ston and shoved the Cub a full two

games out of second place. Pratt's

pups open a home stay against San

Antonio today, however, so it is

doubtful they will slip any further

for the time being.

The Spuds flopped into sev-

enth place when trimmed by the

Panthers, 11 to 6, in the inaugural at

Wichita Falls. Today the club that

battled Houston to the last ditch for

last year's flag and was an over-

whelming favorite to cop the bunting

this season was exactly one jump

ahead of the basement dwelling Ex-

porters. Failure of the Spud pitching

staff to come through seems to be re-

sponsible for the club's collapse.

SCHMIDT TO BE BASKETBALL

DIRECTOR AT THREE SCHOOLS

Fayetteville, Ark., June 6.—(AP)—Francis A. Schmidt, former Uni-

versity of Arkansas coach who piloted the Razorback basketers to four suc-

cessive Southwest Conference titles,

has announced he will serve as bas-

ketball director at three summer

coaching schools.

The School of the Ozarks will open

at Hollister, Mo., July 8 and close

July 20. Furman College, South Caro-

olina, will claim the mentor July 22

to August 3. From August 5 to 17 he

will be at Corpus Christi, Texas.

In the fall, Schmidt is to go to

Plainview, Texas, to assume the

position of athletic director at Texas

Christian University.

The Governor added he had been

advised a prize fight had been sched-

uled for Plainview last night.

## Saturday to See Last of League Play at Midland

San Angelo, June 6.—(AP)—Saturday will see the last of West Texas League baseball at Midland, according to President Dave Snodgrass of the league.

The Midland franchise was turned back to the league yesterday because of finances. Arrangements were made to use the Midland Park through Saturday, and Manager Karl Segrist of Midland was given his unconditional release.

Brady, Menard, and Texon were suggested as possible successors to Midland.

## ATHLETICS IN VICTORY AGAIN

### LOSING STREAK OF ONLY ONE GAME BROKEN BY AMERICAN LEADERS

(By the Associated Press)

After compiling a losing streak of consecutive games, the Athletics returned to the winning column yesterday as their fellow Pennsylvanians, the Pirates, climbed into the National League lead without lifting a bat. The Buccaneers turned this trick by sitting idle in the rain while the Giants thumped the Cardinals by 6 to 4 at St. Louis.

The Athletics defeated the Browns by 5 to 2, and gained a full game over

## Planning Flights Across the Atlantic

It's not always fair weather when good flyers get together. For here you see the pilots of two projected hops to Europe, held up by adverse winds and storms over the Atlantic, studying a weather map at Old Orchard, Me., while they wait for a favorable change. Right to left are Jean Assolant and Armeno Lotti, Jr., pilot and sponsor respectively of the French plane Yellow Bird which is to fly to Paris; Captain Lewis A. Yancey, center, and Roger Q. Williams, rear, pilots of the American Green Flash, whose destination is Rome; and René Lefevre, co-pilot of the Yellow Bird.

The chief item of interest in Cincinnati's 21 to 4 decision over the Phillips was Chuck Klein's fourteenth home run, which enabled this hard-hitting Philadelphian to retain the interleague lead.

The Cubs seemed ready to lose another one when a sudden rally for four runs in the ninth gave them a decision over Brooklyn by 4 to 3.

## Baptists Retain Perfect Standing in League Play

TEAM	P. W. L. Pct.
Baptist	.3 .3 0 1.00
Presbyterian	.3 1 2 .33
Methodist	.3 1 2 .33
Christian	.3 1 2 .33

The Christian team of the Vernon Sunday School Baseball League is scheduled to play its second game of the week this afternoon when it meets the American Legion Junior Leaguers on the City Park field at 6:15. This is a practice game and will have no bearing on the league standing.

Tomorrow afternoon the Methodists and Presbyterians meet in the final league game of the week. Their loss to the Baptist crew yesterday afternoon places the Presbyterians on a par with the Methodists and Christians, each with a percentage of .333. The Baptist remain the undefeated leaders for honors.

Next Monday afternoon the Christians and Baptists will open the schedule for the week with their game. Other games carded for next week are Baptists vs. Methodists and Presbyterians vs. Christian, with two American Legion practice games. The revised schedule calls for three league games and two practice games each week. Next week will be the fourth week of the first half of the program.

There is possibility of the game for this afternoon being called off due to the excessive rainfall early this morning, but no definite report pertaining to this had been given out this morning.

## ALL STAR TILT CARDED TODAY

### VERNON TEAM SCHEDULED TO PLAY GAME WITH PARSLEY HILL

The Vernon All-Stars, local professional baseball club, under the management of P. G. Jordan, continue their home program when they meet the Parsley Hill team this afternoon at 2:30 on the City Park diamond. It will be the second game for the local club on the home field.

L. Archie, pitcher for the All-Stars, is listed as the hurler to begin the game this afternoon. He will be supported behind the plate by Garner. A tentative line-up includes J. Archie at first base, Gaunett in right field, Thomas in center field, Cade at second base, Newton at short, Wheeler at third base, and Williams in left field.

The All-Stars were defeated last Wednesday by the Quahog Indians, professional team of that town, in a seven-inning tilt ending 11-2. Little is known of the strength of the Parsley Hill club but Manager Jordan expects a stiff opposition by the visitors.

The Vernon team will go to Crowley tomorrow where they meet the Crowley club at 2:30.

## Donaghey Plans No Action Against Legion Fight Card

No action will be taken by local official on the American Legion boxing show scheduled for Saturday night unless instructions are received from Governor Moody or Attorney General Pollard, R. R. Donaghey, County Attorney, said today.

The Legion has carded 38 rounds of boxing, featuring outstanding fighters of this district and local fighters. Recent actions of Governor Moody in sending Texas Rangers to stop fights in Dallas and other Texas towns have not interfered with the plans of the local organization.

Fights have been stopped this week at Dallas, Galveston, Denton, and Plainview.

## FIGHTS LAST NIGHT

Philadelphia—Kid Chocolate, Cuba, outpointed Vidal Gregorio, Spain, (10). George Courtney, Oklahoma, outpointed Jack Hovey, New York, (10). Joe Gans, California, outpointed Pinkey Kaufman, Hartford, Conn., (10). Billy Wallace, Philadelphia, outpointed Bruce Flowers, New Rochelle, N. Y., (10).

## WOMAN JUMPS TO DEATH FROM 12-STORY WINDOW

Chicago, June 6—(AP)—Miss Barbara Cole, 28-year-old show girl, jumped 12 stories to her death last night, giving as her reason only this notation on the flyleaf of her diary:

"I love Ed Page, 1209 Astor Street."

The fashionable apartment from which the actress jumped is at 1220 North State Street. A moment before her death she called the switchboard operator, saying:

"This is Miss Cole. I am going to jump from the window."

The operator rushed to the front of the building and looked out. The body of Miss Cole was there.

Edwin Page, a broker, lives at the Astor street address given by the actress. He said he had known her for some time.

Playright III.

London, June 6—(P)—The London Daily Express today said Eugene O'Neill, American playwright, was seriously ill with tuberculosis in Switzerland, and therefore was unable to come to London for the premiere last night of his play "Weived."

## BIG TEN ROW GROWS TENSE

### INVESTIGATION OF CLAIM AGAINST PURDUE TO BE MADE TODAY

Chicago, June 6.—The Big Ten conference volcano today rumbled and seethed with indications of a second major eruption.

Purdue University was in the glare of the searchlight, following charges yesterday by Coach Everett Case of Frankfort, Ind., high school, that the LaFayette institution was as guilty as the University of Iowa, in proselytizing and subsidizing athletes.

Case today was to bare his charges to Major John L. Griffith, Big Ten Athletic Commissioner.

Case made his charges after he had been accused, presumably by Purdue, of trading some of the members of his Indiana championship basketball teams, for summer school credits from the University of Iowa.

President Edward C. Elliott of Purdue, and Nelson A. Kellogg, Director of Athletics, said they would welcome an investigation of Case's charges.

fights to remain in the running.

Ralph Gulda, Dallas, who scored a fine 145 for the two-day qualifying test, met Dennis Lavender, Abilene ace and West Texas champion.

Lewis Levinson, San Antonio, drew W. C. Hunt of Houston, one of the state's toughest match players, for his first opponent.

Another ex-champ who faced a worthy foeman was M. L. "Hap" Massingill, paired against Gus Moreland, considered by many to be Dallas' best bet in the tournament.

Two former Texas links met in another first round match, Charlie Dexter and Louis Jacoby, Dallas veterans.

## For Steady, Continuous CUTTING

EXPERIENCE OF MANY YEARS in building light-running, dependable haying machinery makes possible this highly perfected Case-Osborne Mower. For simplicity of construction and continuous service with little adjustment, this mower can't be beat.

All non-essentials are eliminated—working parts are oversize to insure steady running. Pitman bearings are replaceable bronze, well lubricated.

Perfect alignment of the cutter bar is secured—and kept—on the Case-Osborne Mower by a quick, positive aligning device.

Underslung construction reduces friction on cutting parts. Case-Osborne Mowers are "built around the oil holes" assuring economical, dependable performance.

Come in and see this popular mower. Make it your stand-by for reliable service. We're always glad to serve you.

## for Summer

NO engine can knock and stay cool. Because Conoco Ethyl Gasoline eliminates knocks, it insures a cooler running engine. That's why Conoco Ethyl is the ideal summer motor fuel.

Of course, Conoco Ethyl is the essential fuel for high compression motors. Ethyl Fluid made these motors commercially possible. But Conoco Ethyl offers real economies for motors of ordinary compression, too. It greatly reduces wear and tear, produces more power, particularly in carbon coated motors, lessens gear shifting and makes hill climbing a sport instead of a burden.

Conoco Ethyl is not a carbon remover. But it does make carbon deposits a source of power in that these deposits decrease the combustion area in the cylinders, thereby automatically increasing the compression ratio. Conoco Ethyl functions perfectly under this increased pressure.

And remember Conoco Ethyl is a proper admixture of Conoco, the extra miles motor fuel, and Ethyl Fluid, developed by General Motors. All Ethyl Gasoline is not Conoco Ethyl. To be sure you are getting Conoco Ethyl fill only at those pumps which display the Conoco Ethyl sign.

## FARM AID ASSURED

Agreement of House and Senate conferees on the elimination of the export debenture clause from the farm relief measure removes the last barrier which has been blocking legislation designed to benefit the farmer, and passage of a bill labeled with that worthy purpose is assured. President Hoover has given undeniable indication that the bill, as agreed upon, will be approved by him. Farmers who have watched Congress wrangle over the so-called farm relief issue for a number of years may feel certain that at last a bill which its proponents claim will offer a measure of relief is to be passed.

However, there are many keen-minded persons who still insist that the measure as passed does not comprise a permanent solution of the problem of agriculture. In substance, the bill agreed upon will foster farm co-operatives by providing a \$500,000,000 subsidy to stabilize prices by making it possible to hold commodities off the market. Records of the co-operatives, which market crops in a more orderly manner without flooding the market at harvesting time, have thoroughly proven their efficacy insofar as temporary relief is concerned, but unfortunately where prices have improved to a material extent production has increased to a point that has swamped the co-operatives. They have demonstrated no effectual means of handling this problem.

In California the citrus fruit co-operatives boosted prices for a number of years, but finally the faith of the producers in the ability of these organizations to maintain prices at a high level became so great that production was increased far beyond the capacity of the market to absorb. As a result a surplus was gradually increased until it became so large that even the powerful co-operatives could not sustain it, and prices have been reduced.

This fund set aside by the Federal Government under the provisions of the farm relief measure is an enormous amount, but if the cotton crop, using it as an illustration for the innumerable farm commodities that have been produced in excess of the demand, is allowed to exceed the demand by some 4,000,000 bales annually, and records of the past prove that this is possible, even this huge subsidy will be gradually absorbed as it is passed out to the farmers in the form of advancements from co-operatives to enable them to hold cotton off the market.

As this surplus consumes the subsidy, the price inevitable must fall. This plan will offer relief to the farmer only if he refrains from increasing production far beyond the market demand.

However, few people will regret the passing of the bill which has been a controversial matter in Congress so long. All will be anxious to observe its application, and the great majority of people will sincerely hope that it effects the improvement which its drafters claim it will.

## PLANNING FOR A CITY

City officials who are of the opinion that it is more economical to allow the business interests of a city to expand as it seems necessary and the whims of builders will find a new angle to the situation by considering the recent report made on the future development of New York

Household Goods, New and Second Hand at Low Prices. Satisfaction Guaranteed

JNO. B. NABERS

City. After spending years of time and several millions of dollars in money making a survey of the probable expansion and future needs of the New York metropolis area, the Regional Plan organization has drawn up an extremely comprehensive plan by which the metropolis, in its growth, can afford decent living conditions for all its citizens.

This plan is highly interesting. It predicts that New York will have 20,000,000 people living in its immediate territory by 1965; and it goes to great lengths to point out how all this growth can be assimilated. The city will have to spend billions of dollars and use the utmost scientific precision in mapping its growth and laying out its conveniences, the report asserts.

Miles of the new railroad and subway lines will have to be built. Whole suburban cities will have to be made over. Everything that is built within 50 miles of Manhattan will have to be built with reference to the group plan.

Can New York do all this? The probable cost of such reconstruction seems to make the project prohibitive in the opinion of the average citizen. At least the cost will be tremendous, even to a city as wealthy as New York.

The case has a lesson for other cities, however small. This unrestricted growth may seem the most economical now, but when progress has crowded and congested the sections which now seem beyond the possibility, then what?

We have recognized the need of supervised development in almost every phase of human activity except in the matter of the progress of a community. We attempt to develop the minds of youngsters in an orderly manner after approved lines. The business plan expert has become popular, and the growing business usually is expanding along the lines of a definite plan for the future.

But it is not so of the progressive American city. It is merely growing, and some of the aspects afforded after the city has "grown up", certainly is nothing to incite pride.

Notice.

June 10th is the last day for paying your light and water bills, accounts not paid on that date service will be discontinued, and \$1 charge for reconnection.

## Tenth Anniversary of Wilbarger County Federation of Women's Clubs Observed at Luncheon Here

Covers were laid for 24 club women of the county at the 1 o'clock luncheon given Wednesday afternoon at the Yamparika Club House, which marked the tenth anniversary of the Wilbarger County Federation of Women's Clubs and the close of the year's work of the Federation. A program featuring the history of the Federation and the installation of the officers for the new year was carried out.

The club house was attractively decorated for the occasion in a profusion of pink roses, with baskets of the roses forming centerpieces for the table. A color scheme of pink and white was featured in the appointments of the luncheon, which was served in three courses by members of the American Legion Auxiliary.

The menu consisted of pineapple salad, creamed chicken in patty shells, beans, corn fritters, beet pickles, hot rolls, iced tea, sherbert, and cake. At the serving of the last course, a decorated birthday cake in the pink and white colors and shaped in the form of a "Y" for Yamparika, the first club organized in the county, was presented bearing ten candles and as each member cut a piece wishes were made for the club.

Mrs. J. N. Johnson opened the program with the invocation, followed by a talk by Mrs. W. H. Huggins, the first president of the Federation, on the "History of the County Federation". She related the outstanding features of the club organization during the ten years and stressed the outstanding work of the Federation during that time as being the buying of Allingham Park and the building of the club house. After her talk, Mrs. J. N. Johnson, one of the organizers of the association, spoke briefly on the same subject, stating that one of the most important factors of the Federation was the staging of Community Week which has been sponsored by the clubs each year with the exception of this year. She said that she hoped the Federation would not drop this phase from the year's work of the clubs.

Miss Virginia Sewell played a piano solo, after which Miss Emma Gunter, made, after which Miss Emma Gunter,

## Helping the Homemaker

By MRS. ALEXANDER GEORGE

Daily Menus—Breakfast.

Grapefruit  
Soft Cooked Eggs Buttered Toast  
Corn Cereal (already cooked) Milk  
Coffee

Luncheon.

Vegetable Salad Buttered Bread  
Peaches Sugar Cookies  
Milk  
Dinner.

Salmon Salad  
Creamed Potatoes and Peas  
Bread Strawberry Sunshine  
Cocoanut Cream Pie Coffee

Vegetable Salad.

(For the children's lunch.)  
1 cup grated chilled raw carrots  
1 cup chopped cabbage  
1-4 cup diced, cooked beets  
1 tablespoon finely chopped onion  
1-4 cup salad dressing  
1-4 teaspoon salt

Mix and chill the ingredients.

Strawberry Sunshine.

6 cups washed, hulled berries  
6 cups sugar

Mix the berries and sugar in an enamel pan. Let stand for 30 minutes. Boil for 2 minutes. Pour into platters and set on a flat surface in the sun. Cover with a glass. Stir the mixture several times during the day. Bring the mixture in the house at night and return to the sun until the mixture is very thick and syrupy and the berries have become "plump." Pour into sterilized jars and when cool cover with melted paraffin.

It requires about 4 days to thicken the mixture.

Cocoanut Cream Filling.

(For a baked pie shell)

1-2 cup sugar

4 tablespoons flour

2 egg yolks

1-8 teaspoon salt

1-3 cups milk

1 teaspoon vanilla

1 teaspoon butter

1-8 cup cocoanut

2 egg whites, stiffly beaten

Blend the sugar and flour. Add the egg yolks, salt and milk. Cool in a double boiler, stirring frequently until the filling becomes thick and creamy. Add the vanilla and butter. Cool. Fold in the rest of the ingredients and pour into a baked pie shell. Chill.

Before serving hot chocolate or coffee, beat for 1 minute with a rotary egg beater and no scum will come on top.

### TWO B. Y. P. U. GROUPS ENTERTAIN WITH PICNIC

Groups 3 and 4 of the Lyon Boosters, B. Y. P. U. of the First Baptist Church entertained with a weiner roast on Paradise Creek Tuesday evening. Roasted weiners and marshmallows, and soda pop were enjoyed, after which games were played.

Those present were Maydelle Gilbreth, Bessie Hodges, Inez Hoke, Merle King, Pauline Richardson, Mary Ellen Reed, Virginia Winn, Bert Chaffin, Freeman Byrd, Wilson Hollars, Glenn Hodges, R. S. Parr, A. W. Seale, Ray Shirley, Raphael Veto, Charles Williford, Mr. and Mrs. J. H. Garrett, Mr. and Mrs. Hodges, Mr. and Mrs. J. O. Rouse, and Mr. and Mrs. L. F. Winn.

## TWO KILLED IN AUTO COLLISION

TRUCKLOAD OF BOYS AND GIRLS CRASHES INTO BUS AT TEXARKANA

Texarkana, June 6.—(P)—A truck load of boys and girls returning to Texarkana from a medicine show was demolished into a writhing mass late last night when their machine collided with a bus.

Earl Ward, 15, and Morris Norris, 18, were killed instantly.

Oval Ward, a brother, and Pearl Ward, a twin sister of Earl Ward, were injured as was Edward Norris, 17, a brother of Morris Norris. None of the bus' passengers was hurt.

Cause of the accident was not learned.

Owner Charged in Galveston Death

Galveston, June 6.—(P)—John F. Hartwell, proprietor of a jewelry store, today faced examining trial on charges of fatally shooting V. D. Mitchell, 45, watchmaker, in Hartwell's store yesterday.

Hartwell was released on \$1,000 bond. Mitchell came here about three weeks ago from Brownwood.

The shooting happened, Hartwell said, when Mitchell came back to the store for the third time demanding money. He declared Mitchell was drinking, and Mitchell struck him the second time he came into the shop.

Police found Mitchell in the aisle of the store with a pistol in his hand. They said they did not know if it had been fired. Hartwell gave police a revolver containing three empty shells.

## A Cake for the Lindberghs

If Colonel Lindbergh and his bride will let the folks know where they are before this ornate piece of pastry spoils, the wedding cake will be shipped to him post haste. Otherwise, the cake, with the beautiful decorations of globe and plane, will go to some orphanage in Los Angeles where it was made. The picture shows Vera Corum with the nifty pastry.

## Accused Slayer of Los Angeles Woman Missing

San Francisco, June 6.—(P)—William Tallman, radio operator, arrested Tuesday on board the steamship Admiral Benson on a charge of murder in connection with the slaying of Mrs. Virginia Patty at Los Angeles, was missing when the vessel docked here last night.

Investigation showed the accused man had unscrewed the lock on his stateroom door. Police believe Tallman either jumped overboard and swam ashore or walked down the gangplank before his disappearance was discovered.

## Air of Mystery Shrouds Death at Prison Farm

Waco, Texas, June 6.—An air of mystery today shrouded the death of Bill Lawler at a prison farm Monday.

Lawler was buried at Dawson, Hill County, yesterday. Relatives said they were informed Lawler had been stabbed by a cell mate at one of the farms.

The Governor's office at Austin reported a long distance conversation with the prison physician at Huntsville in which the physician said he knew nothing of the killing.

Lawler was sentenced at Hillsboro last year for the murder of Rev. A. J. Motley, his father-in-law, at Hubbard.

## SCHOOL BOARD WILL HOLD REGULAR SESSION TONIGHT

Regular business will be discussed tonight at the monthly meeting of the Vernon School Board, members said today. The board will meet at 8 o'clock at the office of E. H. Pigg, in the Herring Bank Building.

INEZ JOHN CORWIN AND MAU-  
INE IGOU. Adv.

## SILVER GOES TO TRIAL AGAIN

### FACES PROSECUTION FOR CAPITAL PUNISHMENT SECOND TIME

Bryan, June 6.—(P)—Bob Silver today faced trial for his life for the second time.

He was charged with robbery with firearms in connection with a prison break at Huntsville along with Robert Hill, John Reid and Marvin Abel.

Silver originally was sentenced to death for slaying Roscoe Wilson, cashier of the Majestic Theater at Fort Worth. Another man received 99 years for the same offense. Later Silver's confederate assumed the blame for the actual shooting, and Governor Dan Moody commuted Silver's sentence to 99 years.

Silver and several others escaped from the penitentiary prison farm where he had been placed because he was said to have been suffering from tuberculosis. In escaping, he and his companions took an automobile from a young couple on a highway.

It was announced an assistant Attorney General would assist in the prosecution. A. T. McKinney, District Attorney, and R. T. Burns, Walker County Attorney, from Huntsville, arrived last night with deputies and the prisoners. Special arrangements for the prosecution of the prisoners were made.

## It's a GREAT tire —priced low!

Rugged—fine appearing—generously over-sized! that's the NEW Goodyear Pathfinder, and it wears as well as it looks.

Every bit of material used in those big, sturdy tires is carefully selected and thoroughly tested. The rubber is blended to obtain the standard uniform toughness of Goodyear treads and sidewalls. All materials must meet Goodyear's rigid standards. Goodyear experts measure for fine quality every bale of cotton used in Goodyear mills. Again when the cotton leaves the mill as Goodyear Supertwist Cord, it is tested. All through its building each tire is tested—inspected—watched to assure high quality.

No wonder Goodyear Pathfinders are GOOD.

We'd like you to see these tires. You'll appreciate their value. You'll appreciate their low cost. Just glance at the price for your size.

## COLLEGE FUND DRIVE WILL BE MADE JULY 9

Sixty-One Thousand Methodists in Northwest Texas Conference Will Be Given Opportunity to Subscribe to McMurry Endowment.

opportunity to subscribe to the \$500,000 endowment fund being raised for McMurry College of this city.

Every pulpit of the Methodist denomination in each of the eight districts of the Northwest Texas area will on that day, W. J. Fulwiler, chairman of the McMurry board of trustees and general director of the endowment drive, says, be given over to a public presentation of the campaign.

At present the college has physical property valued at approximately \$500,000, 70 per cent of which has been provided by Abilene people. The endowment fund now totals \$300,000. The object of the present campaign to be climaxed by the conference-wide presentation on June 9, is to increase the endowment to a figure that will give the institution enough income to eliminate operating deficits.

Subscribers to the sustaining fund will be asked for 20 per cent of their

Abilene, June 6.—On July 9, the 61,000 Methodists in the Northwest Texas conference will be given an

opportunity to subscribe to the \$500,000 endowment fund being raised for McMurry College of this city.

Every pulpit of the Methodist denomina-

tion in each of the eight dis-

tricts of the Northwest Texas area,

will on that day, W. J. Fulwiler,

### GIVING ADDED IMPETUS TO BUSINESS

ONE of the major functions of this institution is to aid the progress of this community by giving added impetus to business.

Successful business enterprises are self-starters, but there are many times when they derive added power from the intelligent cooperation of a banking institution.

This cooperation is available to you here.

## THE WAGCONER NATIONAL BANK

## SPECIMENS OF SMALL-SIZE CURRENCY HERE

The first specimens of the reduced size currency, which will be issued July 10, have been received in Vernon and have been put on display at the First State Bank. The currency ordered by the Farmers State Bank has not arrived.

Secretary Mellon announced the first of the week that the first issue will be made July 10, through the Federal Reserve Banks and branches. Commercial banking institutions of the Reserve districts will receive limited amounts on an equitable basis established by them.

After the initial issue of the small-size currency, the procedure now in effect for supplying the paper currency requirements of the country

will, in general, be followed, and in making payments of currency, and the Treasurer of the United States and the Federal Reserve Banks and branches will pay out old-size currency fit for circulation with the new size. A gradual withdrawal process will be followed in eliminating the old size.

The first issues will include all kinds of currency except national bank notes, and all denominations from \$1 to \$20. Small-size national bank notes will be printed and issued in order of charter numbers, beginning about July 15, 1929.

A new type of distinctive paper has been adopted for the new-size currency of the type developed during the last few years with a higher folding endurance, particularly in the cross direction. The new-size for the currency is 6.5-16 by 2.11-16 inches. The principal of denominational designs has been followed, with the back designs uniform irrespective of kind. The face designs are characteristic for each denomination as regards the important protective features, with only sufficient variation in detail to indicate the kind.

The revision of designs will eliminate existing confusion, and will

furnish a new and more effective protection from counterfeiting and fraudulent alterations. The designs have been simplified, with a different characteristic for each denomination.

Five kinds of paper currency are now issued: U. S. notes, silver certificates, gold certificates, Federal Reserve notes and national bank notes.

The portraits assigned to the faces and the embellishments provided for the backs, of the several denominations are as follows:

\$1, Washington, ornate on one back; \$2, Jefferson, Monticello; \$5, Lincoln, Lincoln Memorial; \$10, Hamilton, U. S. Treasury; \$20, Jackson, White House; \$50, Grant, U. S. Capitol; \$100, Franklin, Independence Hall; \$500, McKinley, ornate 500; \$1,000, Cleveland, ornate 1,000; \$5,000, Madison, ornate 5,000; \$10,000, Chase, ornate 10,000.

The backs of the new currency will be printed uniformly in green; the faces will be printed in black, and the Treasury seals and the serial numbers will be imprinted in the following colors: Silver certificates blue, United States notes red, gold certificates yellow, Federal Reserve notes green, National bank notes brown.

## Held as Slayer of "Hugger"

Tennessee faces an unusual murder trial in the case of Miss Eva Cofer, above, of Georgetown, accused of having beaten a man to death with a wagon spoke because he tried to hug her. She is now at liberty under \$10,000 bond. The victim was Lee Atchley, a Georgetown merchant, and Miss Cofer claims he tried to embrace her when she went to his store to make a purchase. She denies, however, that her blows caused his death.

## War Trophies Are Awarded to Local American Legion

German war trophies consisting of a machine gun and ammunition, helmets, sabers, bayonets, and other captured war materials have been awarded to the Albert E. Robinson Post No. 67, of the American Legion here, Dr. W. L. Rhodes, post commander, said today.

The awards are made on the order of the Governor to posts in the state who have made excellent showings in their activity. A letter from the state adjutant, Ross R. Cole, of Austin, was received this morning by Rhodes, notifying him of the award.

The trophies were sent from Camp Mabry, at Austin, on May 30, and should arrive here today, in time for the opening of the Legion convention on Saturday.

Mr. Cole also notified Dr. Rhodes this morning by wire that he will arrive for the convention Saturday in an Army plane from Austin. The plane will probably carry passengers and do some stunt flying for the entertainment of the convention visitors.

LIGHTS BURNED 48 HOURS  
UNDER WATER DURING FLOOD

Houston, June 6.—(P)—For more than 48 hours lights in the central waterworks plant burned during the recent flood although they were under 35 feet of water.

When Water Commissioner James House made an inspection tour he found the lights still burning.

"We didn't have time to turn them out when we left," he explained.

Many globes still were lighted when the water receded.
